

DELAWARE SOLID WASTE AUTHORITY

JOB OVERVIEW

TITLE: SENIOR FACILITY OPERATIONS SUPERVISOR

REPORTS TO: FACILITY MANAGER

JOB CLASS: EXEMPT (ESSENTIAL PERSONNEL)

LOCATION: STATEWIDE

PURPOSE: The purpose of this position is to supervise facility operations staff and provide the Facility Manager with support services related to facility operation and maintenance.

JOB DUTIES

ESSENTIAL TASKS:

Essential functions are fundamental, core functions common to all positions in the class series and are not intended to be an exhaustive list of all job duties for any one position in the class. Since class specifications are descriptive and not restrictive, incumbents can complete job duties of similar kind not specifically listed here.

- Monitors on-site contractors for permit and contractual compliance.
- Inspects and verifies functionality and performance of leachate systems. Assists with gas systems as needed.
- Supervises, plans and directs daily activity of Weighmaster, Collection, and Operations and Technical staff.
- Trains staff and prepares schedules to ensure adequate coverage at operating facilities.
- Prepares staff evaluations, and recommends promotion and disciplinary action. Completes bi-weekly timesheets for the direct reports
- Responds to alarms including fire, security, SCADA, emergencies and other operational situations at multiple DSWA facilities.
- Assists customers and contractors. Handles complaints and questions pertaining to facility operations. Conducts educational facility tours for students and industry professionals. Arranges for contractual services, materials purchase and deliveries.
- Writes technical operations reports including recommendations. Compiles and computes environmental and facility data to include daily, weekly, and monthly inspections forms and reports.
- Assists in preparing new permit applications. Manages facility maintenance and improvement projects, and performs construction inspections for services to include observing, photographing, and documenting progress of construction work.
- Performs field surveying, and collects field data.

ADDITIONAL DUTIES

- Performs the duties of Weighmaster, Collection Station Attendant, as needed or required to ensure DSWA facility needs are met.
- Performs other duties as assigned.

QUALIFICATIONS

EDUCATION, EXPERIENCE, AND SKILLS:

Requires 6 years of experience as a DSWA Facility Operations Supervisor.

Must possess a valid driver's license. Possession of a Manager of Landfill Operations (MOLO) and First Aid and CPR certification (Certification training provided by DSWA)

Note: This is a safety sensitive position that requires drug testing.

Knowledge of DSWA policies and procedures and permit, regulatory items set forth by the Delaware Department of Natural Resources. Knowledge of specialty programs used by the facility to include Comp-U-Weigh for the scale systems, Siemens SCADA reporting system which monitors the waste water/leachate collection and storage systems, and the Trimble GPS surveying equipment and programs. Knowledge of budget and financial responsibilities. Knowledge of the office and field equipment including leachate, scale, computer and mechanical items. Skill in establishing effective working relationships with a variety of people. Skill in supervising and managing subordinate personnel. Ability to diagnose, resolve and repair much of the above listed equipment and restore to operational use. Ability to effectively communicate orally and in writing with executives, staff, and customers.
